11. [] (Personnel) called to compare notes on the holiday pay bill legislation. She said the A-DD/S had been receiving rumors to the effect that if the Congress did not pass the current holiday bills the President would take similar action through the medium of an Executive Order. She was advised that sources on the Post Office and Civil Service Committee feel the holiday bill will be passed but the provisions relating to 30 May and 4 July may not be applicable this year. After checking with Winslow's office in the White House, [] indicated that the White House had no thoughts of taking the action which had been rumored.

12. Talked with Mr. Reed of the Bureau of the Budget concerning S. 1489. He said the Bureau has not developed a position on this piece of legislation. Some of our problems were pointed out to Mr. Reed as well as those of the Government at large if this bill were enacted. It was agreed that we would prepare a report in draft and then check with him again.
